The Dynamism of Hourglass

Money : Rewards & Risk

In the Mordern World, Money is most Effectively & Profusely Equated to Time.

The Hourglass Recognizes the Transient Nature of Our Lives with Time. Sand passing through it represents the Essence of Money.

Further, with increase in Time Horizon on Every Investment, Returns are Potentially Maximized & Risks are Minimized.

INDIA ONE NIFTY ONE

STRATEGY

By and large futures' trading is judged as risky mode of transactions since it's a leveraged product. We hereby strive to design the product with a Optimistic approach and a opportunity for even a lay man to participate in the rapid growth of economy in India, which has created a huge potential for futures market.

To benefit out of Growing India & with minimizing the risk of futures trading, we have come up with this concept of "India One Nifty One".
